

Standard types

Lip design	Outer diameter		
	Outer diameter elastomer	Metal outer diameter	Metal outer diameter, +reinforcing cap
Sealing lip, spring-loaded	OS-A10 	OS-B10 	OS-C10 
Sealing lip, spring-loaded, + protective lip	OS-A11 	OS-B11 	OS-C11 
Sealing lip, without spring	OS-G12 	OS-B12 	
Sealing lip, spring-loaded, case fully covered with elastomer	OS-F10 		
Sealing lip, spring-loaded, + protection lip case fully covered with elastomer	OS-F11 		
Sealing lip, spring-loaded, + protective lip, pressure loadable (see operating parameters /pressure)	OS-N21
